INNOVATIVE

SINCE 1987

AN INSPIRING
SUCCESS STORY

THE COMPANY

(Incorporated in 1979 in Abu Dhabi and taken over by us in 1987)

Three and half decades are enough to prove the company's fundamental strengths, project the futuristic vision and to stay head and shoulders above the competition. Metac General Contracting Company (WLL) since its inception in 1987 has precisely accomplished this. From a promising construction company serving the United Arab Emirates, it has grown in stature to a "Special Grade" ISO / ICV Certified Company.

Enabled with its vast experience and wide ranging competence in the construction industry, Metac has to its credit a number of high profile and prestigious projects throughout the UAE, especially in Abu Dhabi, Al Ain, Dubai and Ajman.

Metac QHSE certificates are issued by an international quality assurance body and a leading global supplier of management system certification registered under DAC/ IAF. True to its commitment to be customer-focused and quality-driven, the company operates in strict conformance with stringent global quality benchmarks and statutory obligations, as well as emphasizes on continuous improvement as the way to customer satisfaction. This unfailing corporate ethos has earned Metac an outstanding reputé in three decades for eminence and excellence among its valued clients.

STRATEGIC FORESIGHT

BUSINESS VISION

Metac's vision is to be the UAE's most sought-after contractor for building construction projects by meeting the challenges of execution, safety and timely completion setting it apart from the competition.

We aim to develop alliances with our customers by ensuring them complete satisfaction with the entire construction experience. This not only means that Metac will deliver a high quality building, on time and on budget, but also that customers will have complete confidence and peace of mind throughout the process and that all risks have been managed and all reasonable contingencies planned for.

Metac values honesty and its conduct is always legal and ethical. We provide our workers with the most effective tools and technologies required to further ensure customers are completely satisfied at every stage of the working partnership.

MISSION STATEMENT

Metac is dedicated to providing quality services and timely completion of all projects.

Metac strives to maintain its excellent track record and commitment to client-focused service.

Metac aims to maintain customer satisfaction by meeting the individual needs of each of its valued customers.

Metac is committed to fostering a friendly working environment that encourages creative thinking, innovative solutions and responsibility at every level.

Metac works hard to minimize complaints and maximize confidence by exceeding customer expectations.

Metac promotes a culture of co-operation, trust and responsibility amongst its diverse workforce.

Metac sets high moral and ethical standards for its entire workforce.

HEALTH & SAFETY POLICY

METAC General Contracting Co WLL is committed to fully comply with all the relevant federal laws, statutory and contractual requirements, guiding principles of Department of Municipal Affairs EHS Policy, Occupational Safety and Health Abu Dhabi (OSHAD SF) and the company is also meeting with all the requirements of Dubai Municipality and other regulatory authorities in Dubai as applicable to its operations.

COMMUNITY CONCERN

THE COMPANY MANAGEMENT IS COMMITTED TO:

- Identify Health, Safety and Environmental risks/impacts that may arise due to projects and other operations of METAC and to establish best operational controls to mitigate adverse EHS risks/impacts by providing adequate required resources.
- Prevent injury, ill health, environmental pollution and depletion of natural resources resulting from work activities and continual improvement of its EHS management system through setting SMART Objectives & Targets.
- Comply with Occupational Safety and Health Abu Dhabi (OSHADSF) and all applicable legal requirements of the emirates of Abu Dhabi, Dubai, as well as UAE federal laws.
- Ensure Safe Operations to achieve without Damage to other parties (Neighbours, Clients, Public/Govt. authorities in the vicinity who could be affected) by creating awareness and promoting safety culture and behaviour in the entire organization.
- Strive for continual improvement as our core value by setting EHS objectives, targets and regular performance monitoring with an emphasis on environment, health and safety.
- Consider that management is most accountable for Environment, Health, and Safety of each employee involved in our operations.
- Promote EHS education and training for employees, associated suppliers/sub-contractors involved in our operations in order to ensure understanding of the EHS policy, to increase awareness on EHS matters and to provide the appropriate EHS resources for effective implementation.
- Communicate the EHSMS and EHS policies to all concerned internal and external parties' and ensure regular consultation with employees, contractors, EHS team, and other relevant stakeholders.
- Review the policy periodically to ensure that it remains relevant and appropriate to the organization.

OHSAS 45001:2018

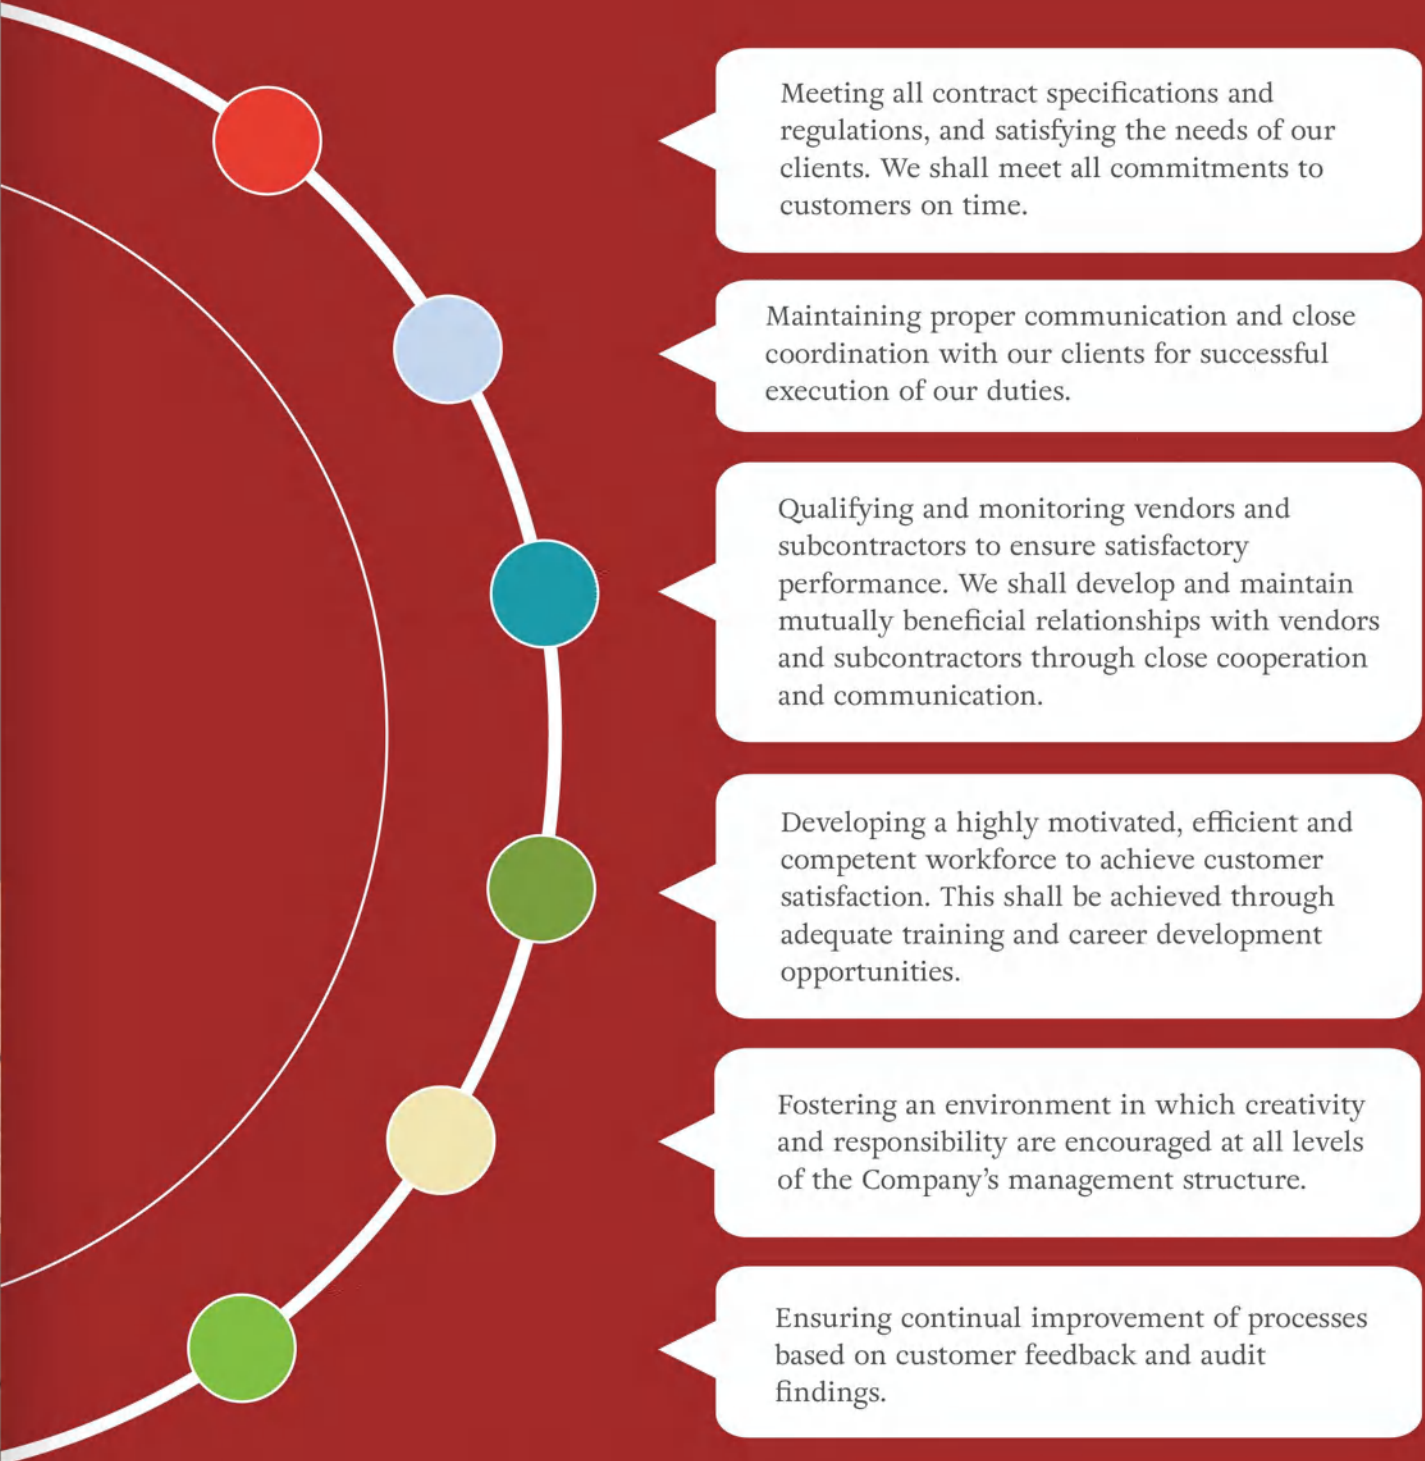

QUALITY POLICY

METAC General Contracting Company WLL is fully committed to complete implementation of an effective Quality Management System in accordance with ISO 9001:2015 to ensure projects and services are executed to the satisfaction of its customers.

WE SHALL MEET THE ABOVE OBJECTIVE THROUGH THE FOLLOWING:

RAISING THE BAR

All members of the metac family are committed to abiding by and acting in full conformance to the above-mentioned quality policy. **ISO 9001:2015**

PLANET PRIORITY

ENVIRONMENTAL POLICY

METAC General Contracting Co WLL is committed to the protection and enhancement of the environment. High environmental performance is an ongoing priority to be achieved by adhering to this Environmental Policy which is operated in conjunction with the Company's Sustainable Development and Energy Policies.

This will be delivered by implementing and maintaining an Environmental Management System in compliance with ISO 14001:2015 that applies to services provided by its permanent offices and to its construction and production activities.

METAC shall participate in open consultation with interested stakeholders and ensure effective communication of this Environmental Policy to all those working for and public on behalf of the business.

Environmental Protection is the integral part of our Management like all other functions.

IT IS THE OBJECTIVE OF THE COMPANY TO

These objectives shall be achieved through Company's Integrated Management System which complies with **ISO 14001:2015**

"A company is built by the people for the people. True to this axiom, Metac keeps a consistent focus on people who include a dedicated workforce as well as valued customers."

THE INSPIRATION

Mr. Rizwan Sadiq

A person with a solid reputation for professionalism, integrity and business acumen, Mr. Rizwan Sadiq's presence is a fountain of inspiration for Metac to excel.

Having completed MS in Entrepreneurship from Royal Holloway University of London UK, he continues to guide us along our creditable performance track while his inspiring leadership continues to take the company forward onto greater heights of glory.

THE DRIVING FORCE

Mr. Muhammad Sadiq Abdullah Khan

A quite dynamic and hardworking personality entered the UAE in the early 1968 hunting for a job. His career began with a British construction company which was renowned in the UAE as "Pauling Middle East". During his tenure with the company he has been a commanding persona and his hard work and honesty has been praised by his seniors. His competence, along with versatile expertise and extensive construction industry experience encouraged him to enter into

Mr. Sadiq's vision and energy have stood Metac in good stead in a highly competitive but rewarding business environment. With nearly half a century of experience in the construction industry, he is the backbone of the organization. Our management team and staff members are incredibly proud of him and congratulate him on becoming a Citizen of United Arab Emirates.

SOCIAL COMMITMENT

Responsiveness to community needs is prime priority at Metac. Aware of the pivotal role that education plays in modern society and the transition brought in by ever changing technologies, Metac CSR initiative has identified a key area to perform. Many schools in the region are lacking basic amenities as stipulated by the regulatory authorities because of financial constraints and Metac has adopted one of the weaker schools in Abu Dhabi providing them with facilities such as smart boards, TVs and outdoor shades for the tiny tots.

Metac has made a meaningful beginning and is all set to explore further realms of community service.

PROACTIVE PARTICIPATION

SPECTRUM OF ACTIVITIES

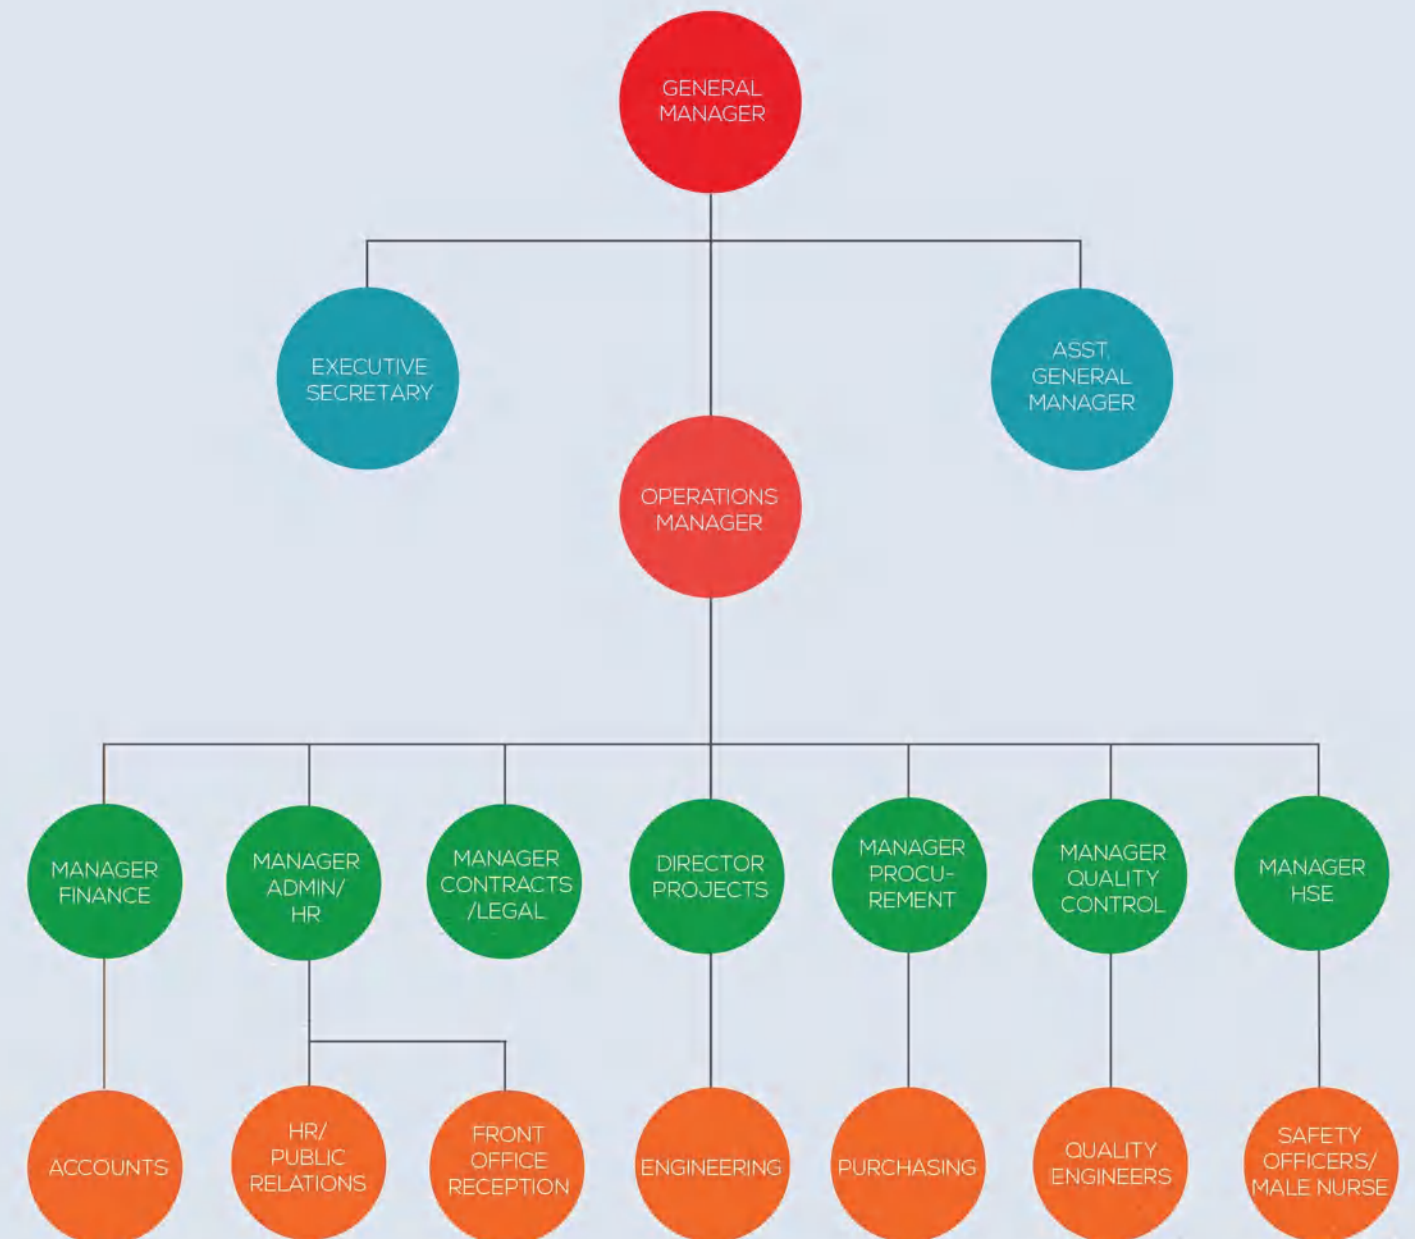

Metac specializes in the construction of buildings and is fully equipped with the latest machinery and equipment, enabling it to undertake a wide range of projects. These include multi-storey residential and commercial Buildings, housing projects, schools, hospitals, luxury villas, retail outlets, mosques, shop/markets and more.

The company also boasts a team of highly qualified and experienced technical and administrative staff who work diligently to ensure that projects are completed on time and within budget. It works closely in partnership with its clients to fully understand their requirements, thereby ensuring that it can match every aspect of their needs and thus achieve full customer satisfaction.

With more than 34 years of experience, Metac has earned an outstanding reputation for both quality and reliability among its clients from both government and private sectors – a reputation it values and strives to maintain.

Metac's unique advantage lies in its understanding of its customer needs gained over many years of expertise and experience in the field. Underpinning each project is the trust between client and contractor, which provides confidence and security, ensuring lasting customer satisfaction.

ORGANIZATION CHART

RELIABLE RESOURCES

OUR STRENGTH

“Metac is built on the sound base of reliable performance with reassurance. Customer trust is considered as the vital return on the investment of expertise and experience.”

WORKFORCE

Metac takes pride in its permanent workforce of over 1,200 people, dedicated to the cause of the customer. This includes managerial professionals with proven track record, qualified and highly trained technical personnel as well as skilled and unskilled workers experienced in various disciplines. In addition, there are thousands of hired employees to meet the timely needs.

Management	55	Technicians	101
Skilled	783	Unskilled	335

MAINTENANCE TEAM

Post-sales service is a vital aspect of Metac’s commitment to the client. The company ensures prompt and professional remedial work as required for the entire duration of the maintenance period, often endeavoring to exceed customer expectations.

MACHINERY AND EQUIPMENT

Metac takes technology in its stride and continuously updates its inventory of machinery and equipment as well as fleet of vehicles and specialized carriers to ensure uninterrupted project progress.
